

DeKalb Workforce Investment Board

Request for Electronic Vote

May 13, 2009

Since the Board will not meet until May 27th, management is requesting an electronic vote for the agenda items outlined below as a means to continue to conduct business.

An electronic vote taken via email shall become the act of the DeKalb Workforce Investment Board upon the approval by the majority of the members.

The Finance Committee approved management's request to purchase 300 KRONOS licenses. Licenses are needed to employ the additional summer work experience students and will be purchased by the County's Information Systems Department at a cost of \$25,080. At the end of the program, the licenses will remain the exclusive property of DWD and will be maintained by the County's Information Systems Department. The cost for the licenses will be charged to the Stimulus funding.

Please review the agenda item and make notations in the "Action and/or Comments" columns and forward your reply no later than Thursday, May 14th, 12:00 noon. An electronic tally of the votes will be forwarded to members no later than Friday, May 15th, 5:00 p.m. Returning the vote by May 14th will allow management the opportunity to present to the Information Systems Department in a timely manner to purchase the needed licenses.
